

## **THE RIGHT FOR INFORMATION IN TOURISM SELECTED PROBLEMS**

### **Summary**

The article presents selected legal problems referring to providing tourism information in Poland and particularly regarding the responsibility for providing wrong information.

There are pointed out legal obligations for passing over tourism information, which are binding for eg. such institutions as travel agencies, hotels, transport companies and local self-governments. There are presented European Union regulations issued by the European Community Board of Ministers, dated 22.12.1986, in the Recommendation regarding standardisation of information in hotels, which unifies symbols used in marking particular devices and facilities in hotels.
