

CONDITIONS FOR FURTHER RESTRUCTURISATION OF THE PKP GROUP

Summary

The paper is dedicated to the main issues of the state enterprise PKP reforms since 2001.

The focus is on conditions of the further restructurisation of the PKP Group after establishment of the railway holding.

The conditions have been divided into two main groups: first group-conditions concerning activity of the whole railway holding („mother limited company”), namely PKP S.A. and the second groups-conditions concerning activity of the dependent limited railway companies.

In the last part of the paper the author indicates of the basic trends on the further restructurisation of the PKP Group in perspective of the coming 3-4 years as well on the target vision of the railway holding in the long perspective.
