

FUNDUSZU PORĘCZEŃ UNIJNYCH AS AN INSTRUMENT OF SUPPORTING THE LOCAL AND REGIONAL DEVELOPMENT

Summary

The solicitation of structural funds encounters financial difficulties. Each subject who wants to obtain money from EU must accumulate its own funds. The state realizes that most of them have to contract debt but cannot or do not want to contract debts on hitherto existing terms. The aim of the article is to present Fundusz Poręczeń Unijnych as an instruments of state policy stimulating the activity and ability to gain funds earmarked for projects co-funded by the EU.
